

The NSW SES and you – working together to protect your family and property

The NSW SES provides advice about how to help protect your family and property from storms, floods and tsunamis. We have a number of different ways you can find out about staying safe and minimising damage to your home or business as a result of these natural hazards:

- Talk to our friendly volunteers about how to prepare for and respond to floods, storms and tsunamis
- Pick up brochures and toolkits that explain simple things you can do before, during and after these natural hazards
- Read NSW SES fact sheets that offer handy suggestions that you can apply to manage different emergency situations
- Visit our website www.ses.nsw.gov.au it is a great place to get the latest information on floods, storms and tsunamis in NSW
- Phone us on 1800 201 000 for more information on staying safe and volunteering
- Like us on Facebook, follow us on Twitter and check out our Youtube site for regular updates from across NSW
- We also encourage new volunteers to join us in helping local communities
