WE'RE RECRUITING!
Do you live in XXXX and want to give back to our community?
No matter what your commitment or background, there's a role for everyone!
Complete an application form before the end of XXXX for an XXXX start <https://www.ses.nsw.gov.au/get-involved/volunteer/> and join us in keeping our community safe.
We don't just respond to storms and floods, we perform searches for missing people as well as rescue (e.g. vertical, flood and road crash rescue). If that's not your thing, we also have behind the scenes roles such as general administration, logistical support, Incident Management and Community Engagement.
