GET ON BOARD! BE MORE THAN A BYSTANDER

Get your feet wet and volunteer with us as part of our Flood Boat Rescue team. Assist with the rescue of people from fast moving water such as flood water, rivers, creeks, canals and drains.
As an on-water or in-water Flood Rescue Operator you'll be helping your community when they need it most.

Learn new skills, or put your current boating skills to good use, while making some great new mates.

Take the wheel and get involved before this opportunity floats away.
